MESSAGE FROM THE B.O.G CHAIRMAN

Jay Shree Swaminarayan

This year marks another milestone in the journey of Shree Cutch Satsang Swaminarayan Academy, Langata; a journey defined by steady growth, shared commitment, and a deep sense of purpose. Each academic year reminds us not only of the progress we have made but also of the values that continue to guide us: discipline, respect, and responsibility.

Over the past year, I have been delighted by many developments:

- The progress achieved in balancing modern teaching methods with time-honoured wisdom and ethical grounding. The dedication of our teachers in integrating character, discipline, and service into the curriculum has been truly commendable.
- The sense of community that we continue to cultivate. Our students are demonstrating respect and empathy, our parents remain engaged and supportive, and our staff persistently seeks innovative ways to enrich teaching and learning.
- The expansion and improvement of our facilities and resources, which will enable more meaningful and effective learning experiences for our children.

As Chairman of the Board of Governors, I affirm our commitment to these guiding principles:

- 1. Excellence in Education.** We shall continue to invest in high-quality instructional materials, teacher training, and learning environments to ensure that our students are well prepared for the challenges of the twenty-first century.
- 2. Holistic Development.** Beyond academic achievement, we want students to grow in character, developing compassion, integrity, and perseverance. The school's programmes in the arts, sports, and service are not supplementary; they are essential.
- 3. Accessibility and Affordability.** While we uphold high standards, we remain mindful of our mission to make education accessible. We will always strive to balance quality with fairness.
- 4. Innovation and Values Together.** As technology, curricula, and the world evolve, we must adapt, but never at the expense of our core values of discipline, respect, community, and service.

I wish to express my profound appreciation to the **Board of Governors, the Temple Trustees, the Temple Management Committee, the members of Shree Cutch Swaminarayan Satsang Temple, our well-wishers, and our generous donors.** Your unwavering support, wise counsel, and continued investment in the Academy have been instrumental in shaping the school's progress and strengthening its foundations. This shared commitment ensures that the Academy not only thrives but also remains true to its vision and mission.

To our students: keep exploring, remain kind, and nurture your curiosity. To our teachers and non-teaching staff: I extend heartfelt gratitude for your passion, patience, and commitment. To our parents and guardians: your trust and cooperation remain indispensable.

May this edition inspire us all; reminding us of where we have come from, celebrating where we are today, and guiding us towards where we aspire to be.

With blessings and best wishes

Dr. Kurji Ashani
BoG Chairman

S.C.S SWAMINARAYAN ACADEMY - LANGATA

MESSAGE FROM THE TEMPLE CHAIRMAN

Jay Shree Swaminarayan

It is another year of proud moments and happy faces as we celebrate the success and achievements of our students. Every year marks a great milestone for the academy at large. Seeing this great institution from inception to where we have reached is a living testament of dedication and hard work.

The temple's vision for the next 10 years is to develop a state-of-the-art campus that fosters innovation, sustainability, and inclusivity, creating an inspiring environment for learning, research, and community engagement.

We aim to incorporate cutting-edge technologies, sustainable infrastructure, and collaborative spaces to support the evolving needs of students, faculty, and stakeholders, positioning ourselves in providing educational excellence.

To the Board of Governors, and the entire school faculty, I wish to congratulate you all for delivering excellent education! Your dedication and commitment have made a significant positive impact on students' lives and growth over the years. Such a milestone reflects perseverance, passion, and a deep commitment to educational excellence, inspiring both colleagues and students alike.

I wish you another successful year ahead.

Mr. Hirji Khimji Seyani
Temple Chairman

MESSAGE FROM THE PRINCIPAL OF ACADEMY

It is a great honour and privilege as head of the institution to be part as we mark and celebrate another year of achievements with this vibrant institution **Shree Cutch Satsang Swaminarayan Academy – Langata**. This is a momentous milestone not only to our great students but also to the School BOG, Parents, Faculty, and our entire Institution.

In my 27 years of Experience in this sector, Education is more than just imparting knowledge; it is about understanding the human experience, building connection, and creating a system where every individual feels valued, seen, and heard. These vital connections – to your students, colleagues, and the communities you serve – are what transforms Education from a profession into a calling.

To our students, you represent the future of our vision (**PROVISION OF AFFORDABLE & QUALITY EDUCATION TO THE COMING GENERATIONS**). You are the ones to drive and carry forward the mission of S.C.S. Swaminarayan into communities and Nations that so urgently need **Respect, Discipline and Responsibility**. The skills you have learnt in BTEC and A-Levels will leverage new technologies, research, and ideas to those you serve. Through the Partnerships you form, and leadership you demonstrate, your will not only contribute immensely to the transformation of your chosen fields, but also the moral and spiritual grounding to lead with integrity and to be agents of change and transformation.

To our parents, I leave you with this final thought: Success is not a destination but a journey of 1001 miles. As your children progress in their education and professional careers, work closely with their teachers to continue growing them in service, lead and guide them with the humility and grace. Remember, **Visibility Creates Credibility, Credibility Creates Trust, Trust Drives Results**.

Dr. Moses Okari
Principal of Academy

S.C.S SWAMINARAYAN ACADEMY - LANGATA

MESSAGE FROM DEAN OF STUDIES

As I reflect on the past year in my capacity as the inaugural Dean at SCS Swaminarayan Academy, I am filled with immense pride and gratitude for the collective progress we have made in redefining educational excellence. This milestone year has been characterised by strategic efforts to enhance quality assurance and align our academic goals with the demands of the 21st-century learner.

Our unwavering commitment to academic excellence has catalysed a series of transformative initiatives. At the heart of our progress has been the development and implementation of a robust quality assurance framework. This includes systematic curriculum audits, performance reviews, and ongoing professional development programmes on learner-centred, and inquiry-driven pedagogies. These interventions have not only raised our academic standards but also led to a noticeable improvement in student performance across key learning areas.

Equally significant has been our intentional focus on embedding 21st-century competencies, such as critical thinking, communication, collaboration, and creativity into our learning experiences. Through strategic curriculum interpretation and innovative delivery models, we have introduced project-based learning in the primary section and rolled out interdisciplinary programmes across the school. These have allowed students to engage deeply with real-world issues, cultivating problem-solving abilities, resilience, and innovation.

Our progress would not have been possible without the unwavering dedication and collaborative spirit of our members of the board, teachers, students, and parents/guardians. Each stakeholder has played a vital role in shaping an inclusive, future-ready learning environment.

Looking ahead, I am energised by the journey we have embarked upon. We remain committed to nurturing a learning culture where every student is empowered to thrive academically, socially, and emotionally in an ever-evolving global landscape.

Mr. Ahmed Ibrahim
Dean of Studies

S.C.S SWAMINARAYAN ACADEMY - LANGATA

MESSAGE FROM HEAD OF HIGH SCHOOL

“Education is the most powerful weapon which you can use to change the world.” - Nelson Mandela

It was a proud and humbling moment for me to join Swaminarayan Academy as the Head of Secondary – A Level/BTEC. From my first day, I have witnessed a strong sense of commitment and teamwork that drives the continued progress and success of our school.

At the heart of our growth is the dedicated partnership between the Board of Governors and the Academic Team of the Board. Their combined efforts create a solid framework that supports excellence in academics, discipline, and co-curricular engagement. This collaboration ensures that the school runs smoothly and efficiently, creating a well-rounded environment for our learners. We are fortunate to have a team of dedicated and passionate faculty members, who work tirelessly to ensure academic progress across all levels. The discipline team plays an essential role in maintaining high standards of behavior, involving parents when necessary to reinforce a strong sense of responsibility and mutual respect.

Our students benefit from well-equipped laboratories, a resource-rich library, computer labs and a modern infrastructure that supports a conducive learning environment. As educators, we believe that academic success must be rooted in strong values, and we remain committed to nurturing both our students and teachers in a culture that emphasizes well-being, discipline, and a deep focus on learning.

Our academic vision is forward-looking. We guide students toward the right subject choices that align with their career aspirations. Beginning from Year 9 i Secondary checkpoint exams, we foster a strong academic culture, with weekly revision exams every Friday to ensure students are well-prepared and confident. We are optimistic that our students will emerge with outstanding results. At the O Level, we focus on timely syllabus coverage and have introduced strategic revision plans. The teaching team is actively working to ensure that every learner is supported on their journey.

For A Level, we have intensified our academic focus to help students achieve excellence across all subjects. Our teachers are committed to following the curriculum specifications diligently, ensuring thorough syllabus coverage and effective revision sessions. Our BTEC program continues to shine. Last year, the school celebrated the achievement of seven Pearson Awards, a testament to the dedication of both students and teachers. This year, the current BTEC cohort is equally determined, with teachers working closely with students to secure Extended Diplomas and support them in gaining admission to some of the world’s best universities. In conclusion, we are steadily marching forward on a path of academic innovation and excellence. With unity, focus, and determination, we are confident that Swaminarayan Academy will continue to inspire greatness in every learner.

“The function of education is to teach one to think intensively and to think critically. Intelligence plus character that is the goal of true education.” - Dr. Martin Luther King Jr.

*Dr. Carlton D’Cruz
Head of Secondary*

S.C.S SWAMINARAYAN ACADEMY - LANGATA

MESSAGE FROM BTEC COORDINATOR

“BTEC is more than a qualification, it’s a launchpad to the real world, where knowledge meets practical skill and every assignment builds a future.”

Greetings! ,

On behalf of BTEC. I am incredibly proud of the hard work, dedication, and resilience shown by our BTEC students throughout each academic year.

BTEC courses are designed to blend academic learning with practical, real-world experience, and our students continue to rise to the challenge with determination and enthusiasm.

Whether in Business, Applied Sciences, Engineering, IT and ART & Design, students have shown that vocational learning is not only valuable but vital in today’s world.

This year, we’ve seen some outstanding coursework, impressive project work, and strong performances in practical assessments across all BTEC subjects.

Many of our students have secured places at universities, apprenticeships, and employment opportunities, proving that vocational education offers a powerful and successful pathway to the future.

I would like to extend my heartfelt gratitude to everyone of you for your dedication, supportive parents, and most importantly, to our students for their continued commitment to excellence.

Keep believing in your potential, stay focused on your goals, and remember success is built on consistent effort.

Well done to everyone for a fantastic year!.

*Mr. Elphas Inganji
BTEC Coordinator*

S.C.S SWAMINARAYAN ACADEMY - LANGATA

MESSAGE FROM THE HEAD OF NURSERY

Dear Students, Parents and Esteemed Readers

we close another exciting chapter in our academic year. I take pride in celebrating the remarkable achievements of our little ones. Their growth in knowledge, confidence, and curiosity continues to inspire us every day. This success is a reflection of the dedication of our teachers, the support of our parents, and nurturing and stimulating learning environment.

Our learners have not only achieved strong academic milestones but have also demonstrated curiosity, creativity, resilience and skills that will serve them well in the years ahead. At the heart of our success is our ongoing commitment to excellence. We continue to raise the bar by embracing innovation and integrating emerging technologies into our classrooms. We are in the process of integrating Artificial Intelligence (AI) tools to quip our learners with the 21st Century skills.

One of our proudest achievements has been the immense growth in our ongoing reading program. Through a combination of phonics instruction, guided reading, storytime, and independent exploration, our learners have shown remarkable progress in their early literacy skills. It has been inspiring to see their confidence grow as they begin to decode, comprehend, and most importantly develop a love for reading. It's a joy to watch our children excitedly choosing books and engaging with stories.

In Addition to literacy, we've seen notable achievements across our broader curriculum. Our learners have made great strides in early numeracy, science exploration, creative expression through art and music, and essential social-emotional skills. Activities were intentionally designed to foster critical thinking, collaboration, and communication skills that will serve them well in the years ahead. All of this would not have been possible without the dedication of our talented teaching team, the unwavering support from our families, and of course, the natural curiosity and eagerness of our young learners. Together, we've created a nurturing, engaging, and inspiring environment where every child can thrive.

May this magazine not only inspire you but also remind us all of the power of community, learning, and the joy of expression.

"Learning begins with curiosity, and exploration turns that curiosity into understanding one tiny adventure at a time." - Anonymous

Madam Ann Wamungu
Head of Nursery

S.C.S SWAMINARAYAN ACADEMY - LANGATA

MESSAGE FROM THE HEAD OF PRIMARY

I am filled with immense pride and gratitude as I once again pen my message in this magazine edition that brings us together to reflect on the incredible year we've had at Swaminarayan Academy. The journey we embarked on in the past year as a school community has been truly remarkable. Whether in classrooms, on the stage, or on the sports field, we have showcased the unwavering spirit of resilience, honesty, empathy, creativity, teamwork, and responsibility that define our school's values.

In the pursuit of academic excellence, we've seen remarkable achievements this year. We have continued achieving tremendous success for our learners in both internal and external exams. Our increasing focus and proficiency in the English language have opened doors to broader horizons, expanding our capacity for learning, communication, and understanding the world. Our year 6 class of 2025 did remarkably well in their iPrimary Checkpoint exams. This growth is a testament to the dedication of our students and the exceptional efforts by our faculty.

At the primary section, we firmly believe that learning through hands-on learning and good practice are the key to getting better. It is through perseverance and the willingness to step out of our comfort zones that we make amazing learning possible. Each day, our students demonstrate the strength of their character, the depth of their curiosity, and the power of their determination. These qualities are what make our school genuinely extraordinary. Our pride in our International Curriculum has enabled our students to explore global perspectives and Citizenship, broaden their horizons, and develop a deep appreciation for diverse cultures. As you turn the pages of this magazine, I hope you enjoy the wide range of contributions that reflect the rich life of our school, from the artwork and students' projects, events, and personal reflections. Let us celebrate our students' achievements and academic excellence, reflect on how far we've come, and look ahead with optimism, ambition, and a shared commitment to excellence.

Thank you for your continued support, trust, and partnership in shaping the future of our students.

"The whole purpose of education is to turn mirrors into windows." - Sydney J. Harris

THE EDITORIAL TEAM

Mr. Kishore Gorasia

Mrs. Bhavika Raghvani

Mrs. Lina Bhudia

Mr. Dhiren Vekaria

Mr. Daniel Mwaura

Mr. Ben Kaburu

Mr. Pascal Kahindo

Greetings!

With great pleasure, I invite you to our 11th Edition of “THE RISING STAR”. I invite you to go through and see the tremendous achievements of our students in the academic year 2024/2025.

In this edition we take you through the journey of this institution, as it happened, through our eyes.

As we end the ninth year, “**The Rising Star**” has fulfilled its mission of entertaining, instructing and educating our school community and future generations about the traditions that have helped to build the school. And, most importantly, keeping track of significant occurrences in our school from year to year.

I express my gratitude to the Board of Governors, Principal of Academy, Administrator, Section Heads, Editorial Team, Parents and our wonderful students for their unwavering support and contributions. God Bless You All and God Bless Shree Cutch Satsang Swaminarayan Academy.

Have A Good Time Reading!

Mr. Ben Kaburu

Chief Editor

S.C.S SWAMINARAYAN ACADEMY - LANGATA
